

## Urban Edge By Gillette

Like Billy Joel smart-aleck songs  
on the order of you went wrong  
& uptown, thus found out what

those fancy people are  
really like. Humiliated &  
used, wanna slink back?

Like, forget it, for cut's clean,  
Baby! While most linger with

cushy whoevers, or depart only  
to return quite whipped &

since we so have a record  
of forgiving, thence say-  
others should also etc...?

Oh well, mushy the lot  
of us, not ever to star  
in hardass lays.
